

To date, more than 10,129 individuals, of which 7,965 are active, have earned the Clinical Nurse LeaderSM (CNL[®]) certification since 2006. The CNL Directory provides a listing of individuals who have earned the credential and who have granted permission to the Commission on Nurse Certification (CNC) for inclusion.

NOTE: The CNL Directory is updated approximately one month following each exam period. Individuals with outstanding documentation who passed the exam are not listed. Individuals listed may have inactive or lapsed certification status.

To verify certification status, submit the [CNL Verification Request Form](#)
