

Master's and Master's Major Area of Study

Q6.1. The following section relates to the Master's programs you indicated having at your institution earlier in this survey.

For each program type, please follow these guidelines:

- Use official TOTAL enrollment figures (both continued and new students) for Fall 2026.
- Use official graduation figures from August 1, 2025 through July 31, 2026.
- Use your institution's definition of full- and part-time.
- The total number of students you report in the full-time and part-time section should match the number of students you report by specific demographics.
- Nursing students are defined as students who have been formally accepted into the nursing program whether or not they have taken any nursing courses.
- RN to Master's students and graduates should be included in the Post-Entry sections for each question.
- Include admissions and transfer students.

Q6.2. Master's

Q6.11. Master's Major Area of Study

Carefully review the major areas of study (functional or professional roles) listed below and indicate which major areas your program offers.

* Combined Nurse Practitioner/Clinical Nurse Specialist refers to those programs in which, by curricular design, the NP and CNS roles are included in the curriculum. Graduates are awarded a master's degree in nursing and are eligible to sit for one NP national certification examination and one CNS national certification examination.

** Only indicate you offer an Other Major if you are unable to classify students under one of the provided majors. For instance, if you offer a Nurse Educator major, please select Education.

Please do not include post-master's certificate programs or non-degree certificate programs in this section.

If you indicated that you do offer an 'other' major, please specify it in the text field. If you do not, please write NA.

Q6.12. Master's Major Area of Study

- The total number of students and graduates reported by major **MUST** match the number of post-entry level and/or entry-level students and graduates reported in question 6.2. As a reminder, you reported **0** post-entry level students, post-entry level graduates, and **0** entry-level students and entry-level graduates.
- The total numbers of NP and/or CNS students and graduates you report in this section should match the numbers of NP and/or CNS students and graduates you report in the separate NP and/or CNS sections later in the survey.
- If you offer both a Post-Entry Level Master's program and an Entry-level or 2nd Degree Master's program, report enrollment and graduation data separately.
- Do not include POST-MASTER'S NP or CNS CERTIFICATE students/completers, even if your institution counts them as master's students/graduates.
- If you offer a dual degree program such as MSN/MBA or MSN/MPH, enter the students and graduates according to their major area of study in nursing in the following section. Then enter the dual degree information in the "Master's Level Dual Degree Programs" section.
- If you have a dual major program in which one major is CNS or NP and the other is neither CNS nor NP (e.g., CNS/Education or NP/Education) please report students/graduates in the NP or CNS categories
- If you offer a major for Post-Entry Master's students but not for Entry-Level Master's students enter 888 in each box in the Entry-Level column of that row. If you offer a major for Entry-Level Master's students but not for Post-Entry Master's students enter 888 in each box in the Post-Entry Master's column of that row.
