Types of Nursing Programs

Q2.1. The following section focuses on the types of Nursing Programs your institution offers (in Fall 2026).

What types of nursing programs exist, are being planned, have closed since last fall, or are being phased out in your institution?

Non-Baccalaureate Programs

	Exists	Being Planned	Closed Since Last Fall	Phasing Out	Does Not Exist
LPN (LVN): A program that requires at least one year of FTE coursework and awards a diploma or certificate of completion as a LPN/LVN.	☐	☐	☐	☐	☐
LPN to Associate Degree in Nursing (ADN): Admits LPNs and awards an associate degree in nursing.	☐	☐	☐	☐	☐
RN Diploma: A program that requires two to three years of FTE coursework, usually within a hospital based structural unit and awards a diploma or certificate of completion as a RN.	☐	☐	☐	☐	☐
Associate's Degree in Nursing (ADN): A program that requires at least two academic years of FTE college academic work and awards an associate degree in nursing.	☐	☐	☐	☐	☐

Q2.2. Please answer whether each program offers curricula via distance education*, and if so, what proportion of the course work is offered via distance education?

*Distance education (DE) is education that uses one or more types of technology to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously. (Integrated Postsecondary Education Data System)

Please note that percentages of distance education should be reported based on a program's design and operation in a normal year.

Q2.3. The following section focuses on the types of Nursing Programs your institution offers (in Fall 2026).

What types of nursing programs exist, are being planned, have closed since last fall, or are being phased out in your institution?

Baccalaureate Programs

	Exists	Being Planned	Closed Since Last Fall	Phasing Out	Does Not Exist
--	--------	------------------	---------------------------------	----------------	----------------------

Generic (Basic, Entry-level) Baccalaureate: Admits students with no previous nursing education and awards a baccalaureate nursing degree. Program requires at least four but not more than five academic years of FTE college academic work.

☐	☐	☐	☐	☐
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

Accelerated Baccalaureate for non-nursing college graduates (2nd Degree): Admits students with baccalaureate degrees in other disciplines and no previous nursing education and awards a baccalaureate nursing degree. Curriculum is designed to be completed in less time than the generic baccalaureate program usually through a combination of "bridge"/transition and core courses.

☐	☐	☐	☐	☐
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

LPN (LVN) to Baccalaureate: Admits LPNs and awards a baccalaureate nursing degree

☐	☐	☐	☐	☐
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

RN to Baccalaureate (RN Completion): Admits RNs with associate degrees or diplomas in nursing and awards a baccalaureate nursing degree. Curriculum may be designed to accelerate the RN to Baccalaureate completion, usually through a combination of "bridge"/transition and core courses.
