NOMINATION FORM BOARD OF DIRECTORS AND NOMINATING COMMITTEE

The Nomination Form is to be completed by the nominator stating his/her reason for the candidate's suitability for the position. **Self-nominations also are acceptable.**

I nominate Julie Hoff to the position of Board of Directors (unexpired term position)

I believe that this person is a suitable candidate because:

Dr. Julie Hoff has supported the AACN mission, vision, and values for more than a decade, having served as director/dean of nursing in a multiple types of academic nursing settings in varied geographic locations across the U.S. Over the years, Julie has served AACN as a State Grass Roots Liaison, conference planner, abstract reviewer, and conference poster judge.

A visionary leader, Julie is a gifted innovator, and courageous risk taker with unmatched business acumen and negotiating skills. Julie possesses exceptional abilities and perspectives to strategically promote the integration of nursing education, practice, research, and policy across academic nursing having uniquely served in the dual role of Dean of the state's largest College of Nursing as well as concurrently Chief Nurse Executive of Oklahoma's only academic health system. She is quite adept at financial management and data analytics and an early adopter of technology. During the last 3.5 years, she successfully increased state and philanthropic funding to strengthen nursing workforce initiatives and harnessed technology to expand undergraduate and graduate nursing enrollment by more than 60%. Building collaborative teams that are empowered to strive for excellence and drive change is a hallmark of her leadership. Julie uses evidence to readily advocate for resources for students and faculty. Indeed, she successfully established a student success and engagement center that improved on-time undergraduate completion rates. Moreover, she reorganized the College structure to support faculty scholarship and academic advancement resulting in substantial faculty scholarly productivity (multiple national presentations, peer-reviewed publications, NIH U54 funding to establish a center focused on maternal health, HRSA funding to strengthen the advanced practice nursing workforce, and PICORI funding to improve maternal mortality of indigenous mothers).

Julie's experience, energy, innovative thinking, and commitment to academic nursing makes her an excellent candidate for the AACN Board of Directors. I believe the board will benefit from her organizational planning, knowledge, resource management, and skills. Having served as a member of the Board myself, I am quite familiar with the expertise and wisdom required to effectively guide AACN. A strong collaborative leader, Julie has the required skillset that would substantially contribute to the work of the Board. I highly endorse her as a nominee.

NOMINATION FORM BOARD OF DIRECTORS AND NOMINATING COMMITTEE

The Nomination Form is to be completed by the nominator stating his/her reason for the candidate's suitability for the position. **Self-nominations also are acceptable.**

I nominate Julie Hoff to the position of Board of Directors (unexpired term position)

I believe that this person is a suitable candidate because:

Dr. Hoff is an exceptional candidate to serve as a member of the Board of Directors. She is currently the Dean and Professor for the Fran and Earl Ziegler College of Nursing at The University of Oklahoma Health Sciences Center. She holds a record of demonstrated leadership that engages people and resources to not only build and sustain academic programs, but also, to champion the profession of nursing through mentoring. As a transformative leader, Dr. Hoff is strategic with planning, involving key interprofessional individuals and capable of managing multiple priorities with actionable efforts. In recent years she held the dual role of Chief Nurse Executive of Oklahoma's only academic health system and Dean of the state's largest College of Nursing. During this time, she integrated education, practice, and policy to improve health and advance health equity for medically underserved and vulnerable groups.

She is a thought leader who can often be found in conversations that are advancing nursing through intentional and innovative collaborative initiatives and partnerships. Her compassion is matched by her curiosity and bolstered by her courage to lead and advance nursing in a bold manner. Examples of her thought leadership include the work she did in Oklahoma to collaborate with the university and community-based organizations to promote engagement, funding, and support for pipeline programs that engaged 225 students for STEM readiness. In addition, she expanded the nursing education capacity with non-traditional settings for clinical education credit.

Her record service includes working within many professional organizations and with AACN as a State Grass Roots Liaison and a Conference Planner. I am very pleased to nominate Dr. Hoff to the AACN Board of Directors.

AMERICAN ASSOCIATION OF COLLEGES OF NURSING CONSENT TO SERVE AND CONFLICT OF INTEREST STATEMENT

The Consent Statement is to be completed by the nominee stating his/her consent to serve if chosen for the position. Please note that Board members are expected to attend four Board meetings each year. The dates for these meetings are highlighted below.

NAME/ OFFICE FOR WHICH NOMINATED Board of Directors

I understand that if elected as a Board of Directors member, I am expected to attend four Board meetings annually. These meetings take place during the AACN Deans Annual Meeting and Academic Nursing Leadership Conference, and two days prior to the Summer Seminar and Doctoral Education Conference.

The Board meeting dates for FY2024 are:

Academic Nursing Leadership Conference - October 27-29, 2023

Doctoral Education Conference - January 16-17, 2024

Deans Annual Meeting - March 22-24, 2024

AACN will reimburse expenses for travel and two days hotel and per diem for the Board meetings that take place during the Summer Seminar and Doctoral Conference. For the Board meetings that take place during the Academic Nursing Leadership Conference and AACN Deans Annual Meeting, AACN will reimburse expenses for two days hotel and per diem. There is also the potential that special Board meetings could be necessary for the purpose of a Board retreat or strategic planning. Travel and per diem would be provided for these meetings.

Legal Duties of Board Members

I hereby agree that if I am elected to hold a position with the American Association of Colleges of Nursing on the Board of Directors or Nominating Committee, I will conduct myself in a manner consistent with the Legal Duties of Board Members, which includes the following:

The **Duty of Care** requires that Board members remain fully informed about the organization's activities, participate in decisions, and do so in good faith. Board members must use the care and judgment of an ordinarily prudent person in similar circumstances. The Duty of Care is carried out by attendance at Board meetings, advance preparation for meetings, and use of independent and best judgment.

The **Duty of Loyalty** requires Board members to exercise their power in the interest of the organization and not in their own interest or the interest of another entity, particularly one in which they have a formal relationship. When acting on behalf of the organization, Board members must put the interest of the organization before their personal and professional interest. The Board member is only permitted to act in the interest of AACN. Board members need to disclose if they are being offered gifts or gratuities from person or organizations doing business with AACN. The Duty of Loyalty requires Board members to give undivided allegiance to the organization when making decisions affecting the organization. The Duty of Loyalty is carried out by disclosure of any conflict of interest, adherence to the organization's conflict of interest policy, and avoidance of the use of organizational information or opportunities for the individual's personal gain or benefit.

The **Duty of Obedience** requires Board members to comply with all applicable federal, state, and local laws, adhere to the organization's bylaws, and remain the guardians of the mission. Although Board members may exercise their own reasonable judgment concerning how the organization should best meet its mission, they are not permitted to act or speak publicly in a way that is inconsistent with the central goals of the organization. The Duty of Obedience is carried out by thorough examination of the organization's compliance with regulatory and reporting requirements,

and other documents governing the organization and its operations (such as bylaws and policies), involvement in ensuring that Board decisions are within the scope of the organization's mission, and speaking "with one voice" after a decision has been made, even if the individual Board member voted against it.

I hereby agree that if I am elected to hold a position with the American Association of Colleges of Nursing on the Board of Directors or Nominating Committee, I will avoid all conflicts of interest whether perceived or actual. I agree to disclose to the AACN Board of Directors any positions of leadership that I hold in any nursing or other related organizations. I further agree to disclose to the Board of Directors of the AACN any specific matters where I believe I may have a conflict of interest and I further agree not to influence any matters where such a conflict exists. Areas of **Conflict of Interest** requiring disclosure include the following:

Are you a member of any board, staff, or committee of another organization that potentially has competing products, services, policies, and/or missions?

Yes_____ No_X__

If yes, list below:

Have you material or other self-interest which is in opposition to the interests of AACN?

Areas of Expertise/Recognition (credentials, teaching/research scholarship, thought leadership, professional achievements, national recognition, distinguished awards, etc.)

Julie Anne Hoff, PhD, MPH, RN, CENP, is Dean and Professor at the Fran and Earl Ziegler College of Nursing at the University of Oklahoma Health Sciences Center. Her leadership tenure also includes serving as the interim Chief Nurse Executive for OU Health, and professor and dean at Texas A&M University Corpus Christi, University of Arkansas-Fayetteville, and Elmhurst University. Her expertise encompasses a diverse array of academic roles and her early research endeavors have significantly influenced the field of cardiovascular health promotion and disease prevention. Notably, her research team pioneered a seminal large-scale report on the distribution and predictive value of coronary artery calcium in healthy individuals. This pioneering publication remains a cornerstone in defining cardiovascular event risk, underscoring the lasting impact of her work. While at the University of Oklahoma, Dr. Hoff has orchestrated a transformative vision to fortify the profile and practice of nursing. She has secured vital funding and resources to substantially increase both undergraduate and graduate enrollment, a pivotal response to address the growing demands of the healthcare workforce. Furthermore, she has implemented innovative reforms, including the reorganization of the College into distinct functional and academic departments, ensuring enhanced student engagement, operational efficiency, and academic success. Dr. Hoff's commitment to fostering faculty excellence and empowerment has led to remarkable progress in teaching competence and innovation, scholarly productivity, extramural funding, and faculty engagement in practice. As Interim Chief Nurse Executive, Dr. Hoff introduced forward-looking initiatives including establishing an office for advanced practice, launching a senior nurse intern program to bolster the nursing workforce pipeline, and securing funding for the development of seamless academic pathways, enabling nurses to advance their education without financial barriers. Dr. Hoff is often described as a courageous, transformative leader and visionary thinker. Her scholarly pursuits have centered on leadership and curricular, organizational, and workforce innovation, reflecting her commitment to shaping the future of academic nursing. Dr. Hoff has served as Chair of the Oklahoma State Regents for Higher Education, Nursing Articulation Working Group, Treasurer of the Texas Association of Deans and Directors of Professional Nursing Programs, program planner for AACN and peer-reviewed for the Southern Nursing Research Society, the Council for the Advancement of Nursing Science, AACN, and the American Heart Association. Currently, Dr. Hoff actively serves AACN as a State Grassroots Liaison.

NOMINATION PERSONAL STATEMENT

The Candidate Personal Statement will be distributed to the AACN membership in the electronic mail ballot. Please limit the personal statement to 2 pages.

Name/Institution:

Julie Anne Hoff, PhD, MPH, RN, CENP
Fran and Earl Ziegler College of Nursing
The University of Oklahoma Health Sciences Center

Please state why you are interested in serving in the position you are running for.

For more than a decade, AACN has played a pivotal role in my professional journey, shaping both my academic and leadership trajectory. AACN's comprehensive range of programs and resources has left a significant imprint on my growth as an educator, enriching my strategic insight as a leader, honing my skills as a mentor and collaborator, and magnifying my advocacy for nursing across the spheres of academia, business, and policy. We now stand at a pivotal juncture where nursing education, practice, and research hold pivotal roles in reshaping healthcare, not only within the United States but also on a global scale. Motivated by the immense support AACN has provided me over the years, I am compelled to give back. As a prospective member of the board of directors, I eagerly anticipate contributing to the advancement and evolution of nursing education, practice, and research. I aspire to impact the next generation of academic nursing leaders and actively engage in the broader conversations and decisions that will shape the future of academic nursing.

What do you feel your major contributions would be to the organization?

I am committed to ensuring the readiness of all nurses to drive healthcare transformation, aiming for enhanced health outcomes and the attainment of health equity. My history of effecting change in nursing education, practice, and research across diverse academic settings spanning different regions of the country equips me with a distinctive viewpoint that harmonizes seamlessly with AACN's leadership and governance. My aspiration is to seamlessly integrate my leadership, innovative thinking, strategic planning prowess, financial acumen, technological acumen, mentoring capabilities, and adeptness in relationship building into the endeavors of the board of directors. I thrive in hands-on collaboration and am eager to contribute to AACN in any role necessary to ensure the continued alignment and relevance of its mission and goals.

How do you envision meeting the mission and goals of the association?

As a member of the board of directors, my dedication will focus on collectively translating the AACN mission into practical strategies. I will take a leadership role in driving the infusion of innovation into academic nursing while recognizing and valuing diversity, equity, and inclusion. I will actively participate in shaping the strategic plan, focusing on pivotal areas that hold potential for driving growth and progress for excellence and innovation in nursing education, research, and practice. I will foster unique and fresh partnerships between academia, practice, industry, and regulatory bodies to propel nursing education, nurture nursing research, and advance evidence-based practice utilization. I will steadfastly advocate for increased funding and resource allocation to power nursing education, research, and practice endeavors focused on enhancing health care access and quality, while insisting health care leaders prioritize the mental health and well-being of all members of the health care team. I will steer the endorsement and continual evaluation of simulation, telehealth, data analytics, and other technologies and improvements to enhance nursing education, practice, and research. Furthermore, I will engage with policymakers to surmount regulatory obstacles and proactively champion policies that propel the nursing profession forward.

The Board Competency Matrix identifies competencies that are needed from all Board members and the competencies needed for the Board as a whole. Please review the four areas of health and health care, higher education, innovation and technology, and governance and finance, and identify/prioritize your strengths in these areas.
