1. Advance Directive forms are state specific. There are many different options to record your end-of-life care wishes, sometimes leading to a paralysis of choice. Explore the websites below for the advance directive format that appeals to you. If you have a different format for an advance directive that you prefer, feel free to use it.

- [National Hospice and Palliative Care Organization \(NHPCO\) Caring Info website](#) (download the state-specific advance directive for Michigan).
- [PREPARE for your care](#)
- If you use a healthcare system and have a patient portal account (e.g., [Corewell Health](#), [Henry Ford Health](#)), you may create your advance directive online as download a copy to submit for your assignment. Use this option *only* if you want your advance directive to be a part of your medical record.

Complete an advance directive using the format of your choice. **If the idea of completing an advance directive cause you distress, please reach out to your instructor!** Submit your advance directive as a separate attachment. You do not need to obtain witness signatures on you advance directive for this assignment.
