

January 2020

To: Board of Directors

From: Julie Sanford, Board Liaison to the Program Committee

Re: Finalize topic selection for Open Dialogue with the Board during upcoming Deans Annual Meeting

Event Description: This session is held annually during the Deans Annual Meeting and is designed to provide information to inform and advise the Board of Directors on future strategic priorities and programming.

Suggested Topics:

1. Best Practices Related to Academic Progression
2. Leadership Development Strategies and Needs
3. Strategies for Faculty Success
4. Strengthening the Pipeline into PhD Programs
5. Assessing Outcomes of DNPs in Practice
6. Strategies to Move to Competency-Based Education
7. Technology in Higher Education and Healthcare
8. Creating an Inclusive Learning Environment
9. Best Practices Related to Interprofessional Education
10. Preparing Nurse Educators
11. Strategies to Address Limited Clinical Placement Sites
12. Educating to Address Social Determinants of Health

Process:

1. Each table is labeled with a topic and the audience rotates twice.
2. A Board member is seated at each table, and an audience volunteer records discussion items on a flipchart.
3. Each table has 25 minutes to discuss the topic and then list three "take-aways" on the flip-chart provided. The second wave of participants for each table can agree to the list as well as add more take-aways. If the participants want more information on a topic once the session ends (e.g., perhaps delivered via a webinar), they may place a check mark next to the topic.
4. Summary notes will be shared with all members after the meeting.
