About ELNEC

The End-of-Life Nursing Education Consortium (ELNEC) project is a national and international education initiative to improve palliative care and is administered by the American Association of Colleges of Nursing (AACN) in Washington, D.C., and City of Hope, in Duarte, CA. The project provides training in palliative care with essential information to nursing students and practicing nurses, including undergraduate and graduate nursing faculty, continuing education providers, staff development educators, specialty nurses in pediatrics, oncology, critical care, geriatrics and advanced practice nurses. ELNEC also welcomes other health care professionals. The project, which began in February 2000, was initially funded by a major grant from The Robert Wood Johnson Foundation. Additional funding has been received from Aetna Foundation, Archstone Foundation, California HealthCare Foundation, Cambia Health Foundation, Milbank Foundation, National Cancer Institute, Oncology Nursing Foundation, Open Society Foundations, Stupski Foundation, U.S. Cancer Pain Relief Committee and the U.S. Department of Veterans Affairs.

### Pre-Conference: July 29, 2019

**ELNEC Extended** is a ½ day workshop that discusses how to organize, market, and teach ELNEC. The power of your teaching has the potential to motivate and inspire other nurses to change their practice for a lifetime. This workshop is open to summit attendees and current ELNEC trainers. Current trainers may attend without attending the summit.

### Main Conference: July 30-31, 2019

The ELNEC Summit offers the 6 ELNEC Train-the-Trainer courses simultaneously: Advance Practice Registered Nurses (APRN) Adult, Communication, Core, Critical Care, Geriatric, & Pediatric. Please choose one.
