# Nursing Workforce Development Programs

Administered by the U.S. Department of Health and Human Services, Health Resources and Services Administration

## How the Programs Serve the Community

*The Nursing Workforce Development Programs (Title VIII of the Public Health Service Act [42 U.S.C. 296 et seq]) help meet the nation's demand for nursing services by addressing all aspects of nursing education, practice, recruitment, and retention. Their focus is to address the needs of rural and underserved communities, where nursing care is critical to improving health outcomes and wellness.*

### Advanced Nursing Education Grants, Advanced Education Nursing Traineeships, and Nurse Anesthetist Traineeships

Support those studying to become our nation's nurse practitioners, clinical nurse specialists, certified nurse-midwives, certified registered nurse anesthetists, nurse educators, administrators, public health nurses, and other nurses requiring a master's or doctoral degree.

### Nursing Workforce Diversity Grants

Help recruit and retain students from diverse and disadvantaged backgrounds to the nursing profession—increasing access to quality, culturally sensitive patient care.

### Nurse Education, Practice, Quality, and Retention Program

Helps schools of nursing, academic health centers, nurse-managed health clinics, state and local governments, and healthcare facilities meet shifting demands in health care through innovative programs.

### NURSE Corps Loan Repayment and Scholarship Program

Helps ensure nursing students and nurses enter into practice where healthcare facilities have a critical shortage of nurses, most often in health professional shortage areas and medically underserved regions.

### Nurse Faculty Loan Program

Supports graduate students committed to serving as faculty members to educate the next generation of nurses.

### Comprehensive Geriatric Education Program

Addresses the education of nurses who will provide direct care to America's aging population.

Map of Title VIII Funding

## Federal Funding for Title VIII Programs by State: Fiscal Year 2017<sup>1</sup>
