> NOTE: This is an abbreviated version of the application so that you can gather your thoughts before starting. All applications must be submitted via the online form by March 1. Applicants will be notified on selection by April 1.

Dates: June 24 – 27, 2019

Location: Austin, Texas - Apple Campus

Attendees: Up to 35 faculty, administrators, and/or staff from AACN member institutions.

About the Bootcamp: Faculty today must have a high digital IQ. Classroom technology, online learning, and social media are here to stay so it's time for nurse educators to sharpen their skills as digital content creators. Through a collaboration between AACN and Apple, we are happy announce the *Digital Innovation Bootcamp: From Concept to Action*, a unique opportunity to apply learning theories and education models to developing engaging and inspiring digital content for students. This bootcamp-style program is designed specifically for faculty, administrators and staff in nursing programs to develop a mobile digital teaching project to engage students in learning experiences in classroom, laboratory, and clinical settings.

Background Information

This bootcamp-style program is designed specifically for faculty, administrators, and staff in nursing programs to develop a mobile digital teaching project to engage students in learning experiences in classroom, online, laboratory, and clinical settings. Answer the questions below to give us your background in these areas.

Note: The only pre-requisite is the willingness to learn.

1. Describe your comfort/confident level about your ability to use active learning pedagogies on a scale from 1-5.

    5 - Very Comfortable / Very Confident

    4 - Comfortable / Somewhat Confident

    3 - Neither or Unsure

    2 - Uncomfortable / Little Confidence

    1 - Very Uncomfortable / Not at all Confident

2. Currently teaching in the following nursing program(s). Check All That Apply

    ABSN
    BSN
    RN-BSN
    AMSN
    MSN
    RN-MSN
    DNP
    PhD

3. Describe your nurse speciality: [500 words max]

4. What technology is your institution providing to you and/or your students to support innovative teaching and learning? [500 words max]

5. Describe your idea for an innovative mobile, digital teaching project that fosters student creativity, demonstrates student learning, and promotes collaboration, critical thinking and communication. [500 words max]

6. Describe your target student population (BSN, PhD, etc.). [500 words max]

7. Describe the competency your digital project would help students achieve. [500 words max]

8. Describe the teaching methods, assignments, and content you are currently using to achieve this competency. [500 words max]

9. Describe your overall goals and what you hope to achieve with your digital project. [500 words max]
